

Determine what the actuarial tasks of pricing, valuation, reserving, testimony, and ratemaking involve. Provide a credible source for each.

DUE ONLINE 9/6/2025, 11:59PM

Expectations:

- Paper guidelines: typed, 12 point font, single spaced, no title page (brief header, not included in page length), page length between 1.5 and 2.5 pages plus bibliography
- Each component should include a sentence of introduction. The use of bulleted points is acceptable. No intro and conclusion for the whole paper is necessary.
- All sources used should be included using a standard citation method (MLA, APA, etc.) and appropriate in-text citations should also be used.
- All academic integrity policies are in effect (see the syllabus). You may discuss ideas with each other, but each person is to write an individual paper.

ACTUARIAL ROLES RUBRIC ~ 45 POINTS

NAME: _____

_____/ 20% Pricing: clearly defined (distinctly from other tasks), credible source referenced

_____/ 20% Valuation: clearly defined (distinctly from other tasks), credible source referenced

_____/ 20% Reserving: clearly defined (distinctly from other tasks), credible source referenced

_____/ 20% Testimony: clearly defined (distinctly from other tasks), credible source referenced

_____/ 20% Ratemaking: clearly defined (distinctly from other tasks), credible source referenced

- _____/ 0% Penalty: failure to follow directions, lack of professionalism, etc.

_____ % = _____/ 45 pts
